BEAUTIFUL BOTTLE WITH LOGO DISPLAY

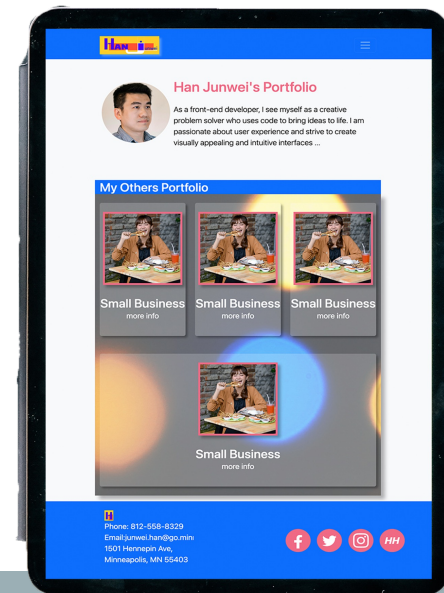

The website of the personal investment portfolio shows that the website adopts corresponding development, left and right layout, and the catalog function is concentrated on the left side, which is the main information display, and is compatible with all screens.

# PERSONAL PORTFOLIO DESKTOP SITE AND MOBILE DISPLAY

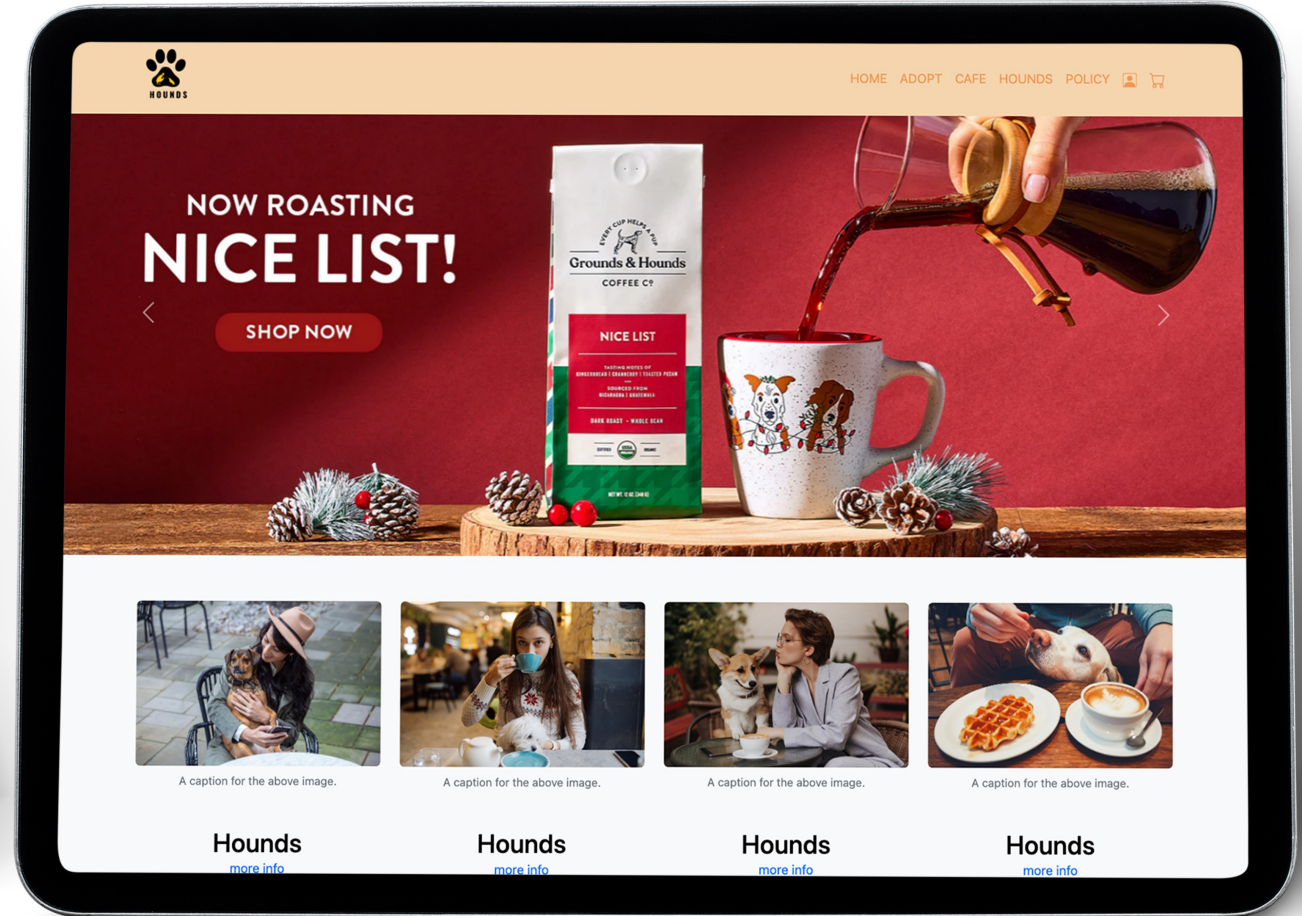

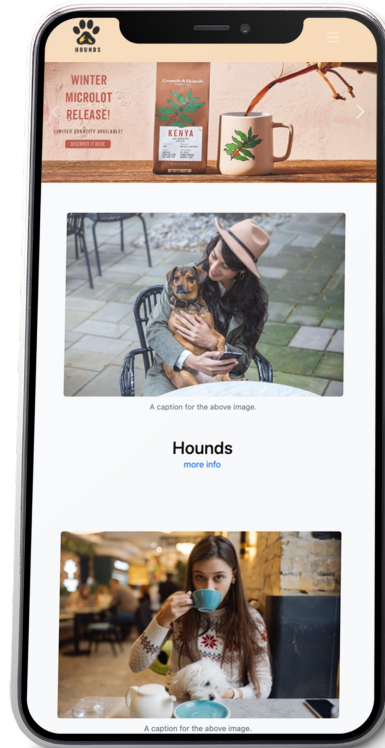

This layout is an assessment project for an academy. It is used to display a corporate website. Here it is used to display a personal portfolio. It is also suitable for a photographer or a freelance website.

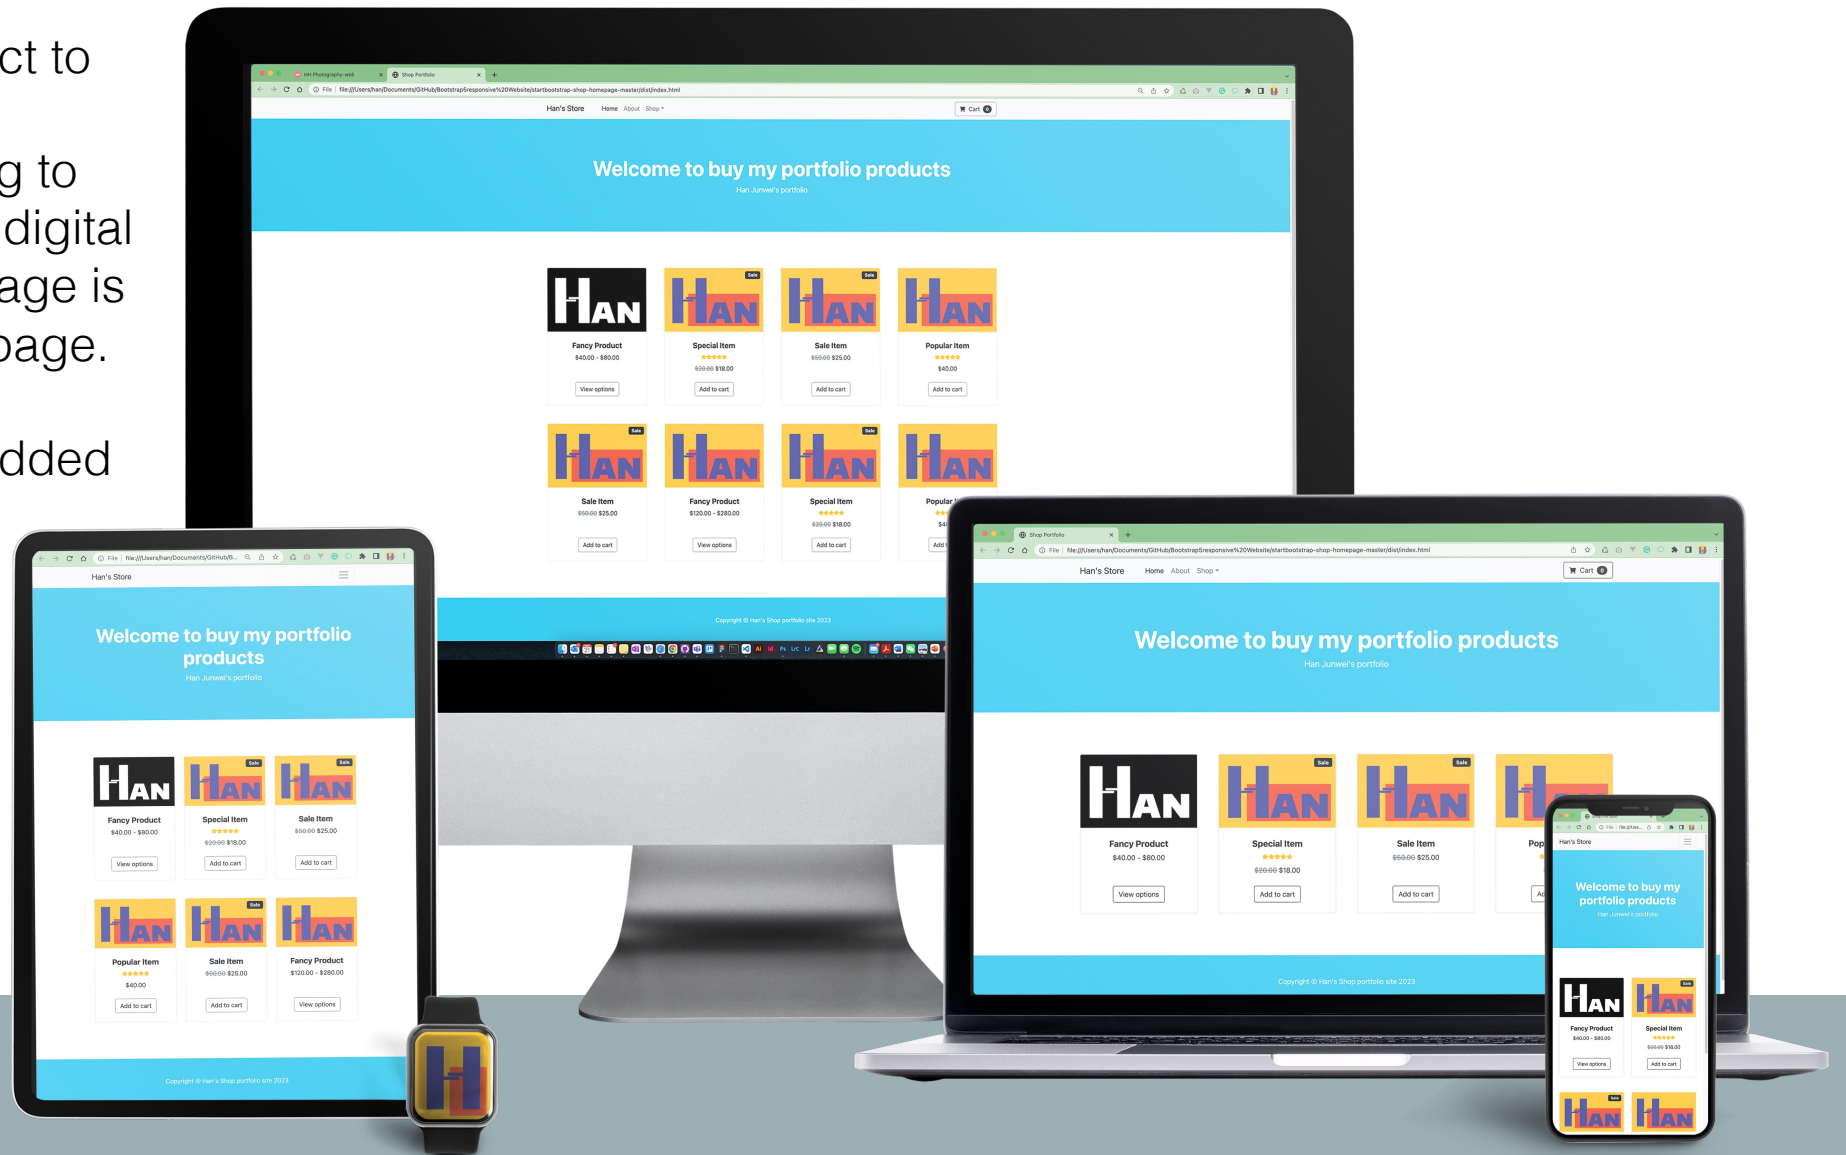

PERSONAL PORTFOLIO DESKTOP CLASSIC LAYOUT AND MOBILE DEVICE DISPLAY

This is also an assessment project for the college, a small commercial coffee shop project created with our team. I am mainly responsible for the homepage layout, carousel, and the establishment of the main page.

# SMALL COFFEE SHOP E-COMMERCE WEBSITE LAYOUT DISPLAY

This is a small project to practice responsive development, aiming to adapt to all sizes of digital devices. The webpage is an electronic store page. The shopping cart function has been added to add items to the shopping cart.

# SMALL BUSINESS E-COMMERCE WEBSITE LAYOUT RESPONSIVE LAYOUT DISPLAY
